## **Activity Report 2021 - 2022**

**Committee/Department/Forum: ACCOUNTANCY**

**Title of the event: Lecture on " Career in Chartered Accountancy"**

**Date: 26<sup>th</sup> February, 2022**

**Name of the Resource Person: Zafar Ali sayed (CA)**

**No. of beneficiaries: 221 (Two sessions)**

### **Short Activity/Event Report:**

Career in Chartered Accountancy is always fascinating among the students due to its importance in today's business world. Keeping this in a mind the department of Accountancy in association with Career Guidance and Placement Cell of DRT's A.E. Kalsekar Degree College organised a joint lecture on " Career in Chartered Accountancy" in which Mr. Zafar Ali Sayed, associate Director at ICSI was invited as a speaker. The speaker highlighted the different points which are required to be a Chartered Accountant in a simple and interesting way. The session was started with the introduction of guest and ended on question answer session. The learners were quite satisfied with session and they thanked the speaker as well as the entire organising team for conducting the fruitful session. The session was coordinated by Dr. Zahid Ansari.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry should be supported by a valid receipt or invoice. This ensures transparency and allows for easy verification of the data.

2. The second part of the document outlines the various methods used to collect and analyze data. It includes a detailed description of the sampling process, which was designed to be representative of the entire population. The analysis then focuses on identifying trends and patterns within the data set.

3. The third part of the document provides a comprehensive overview of the results obtained from the study. It includes a series of tables and graphs that illustrate the key findings. These results are then discussed in the context of the overall objectives of the research.

4. The final part of the document offers conclusions and recommendations based on the findings. It suggests several areas for further research and provides practical advice for implementing the findings in a real-world setting.

5. The document also includes a section on the limitations of the study. It acknowledges that there are certain constraints on the data and the methods used, which may affect the generalizability of the results. However, the authors believe that the findings are still valuable and provide a solid foundation for future work.

6. In conclusion, the document highlights the significance of the research and the need for continued efforts in this field. It encourages stakeholders to take action based on the findings and to work together to address the challenges identified.

7. The document is structured to provide a clear and logical flow of information, from the introduction to the final conclusions. It is intended to be a useful resource for anyone interested in the topic.

8. The authors would like to thank the following individuals and organizations for their support and assistance throughout the project:

9. The research was funded by the National Science Foundation, Grant No. 123456789. The authors also wish to express their gratitude to the participants who provided their time and data for the study.

10. The document is a technical report and is intended for a professional audience. It contains detailed information and is not intended to be a general overview of the topic.

11. The authors reserve the right to use the findings of this study in future publications and presentations.

12. The document is a confidential document and should be handled accordingly.

13. The document is a technical report and is intended for a professional audience. It contains detailed information and is not intended to be a general overview of the topic.
