and facilitate high standards in the institution. This group helps to develop teamwork and its voluntary nature aims to increase confidence among the learners. Students' Quality Circle can be defined as a small group of motivated voluntary student members of various statutory committees and class representatives of the same educational institute who meet regularly in the study place for a particular period, to identify, analyze and solve their mutual problems. Quality circle group meetings are regularly conducted by IQAC Coordinator and Principal, wherein student members put in forth their suggestion and feedback. Various constructive suggestions from quality circle groups with respect to certificate courses and facilities were implemented in the institution. Members Act as ambassadors of institution in various intra and intercollegiate events and programmes. These circles help create the awareness on the importance of maintaining and sustaining quality in all areas and drive home the relevance of student participation.

Advantages of Quality Circles are:

1] Open platform for student's suggestions and feedback: Quality circle member's suggestions are collected during quality circle meet and constructive suggestions are accepted and communicated to the authorities. They facilitate institutional growth by their constructive timely suggestions.

2] Link between students and stake holders: Quality circle students are representatives of student member of the institutions. New polices and initiatives proposed and implemented by the college is communicated to the members and the students queries regarding the same are resolved and communicated through them. Quality circle help create the awareness on the importance of maintaining and sustaining quality in all areas and the drives home the relevance of student participation
